

CHANGE ELEVATION FOR CHANGING USE

EXISTING

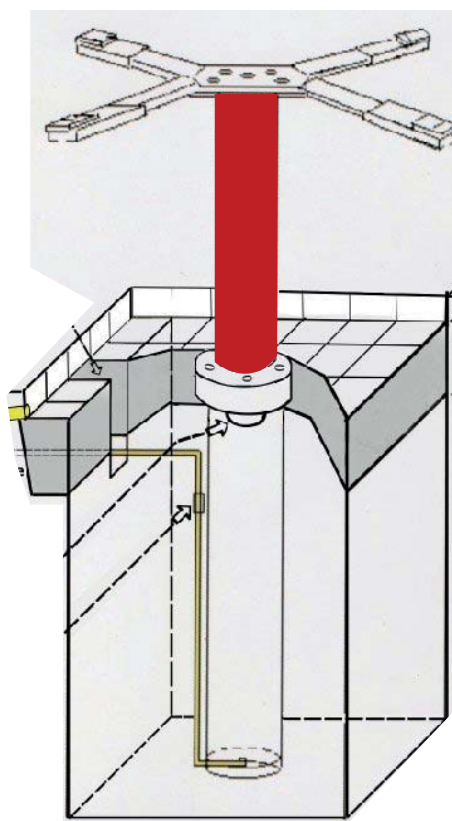

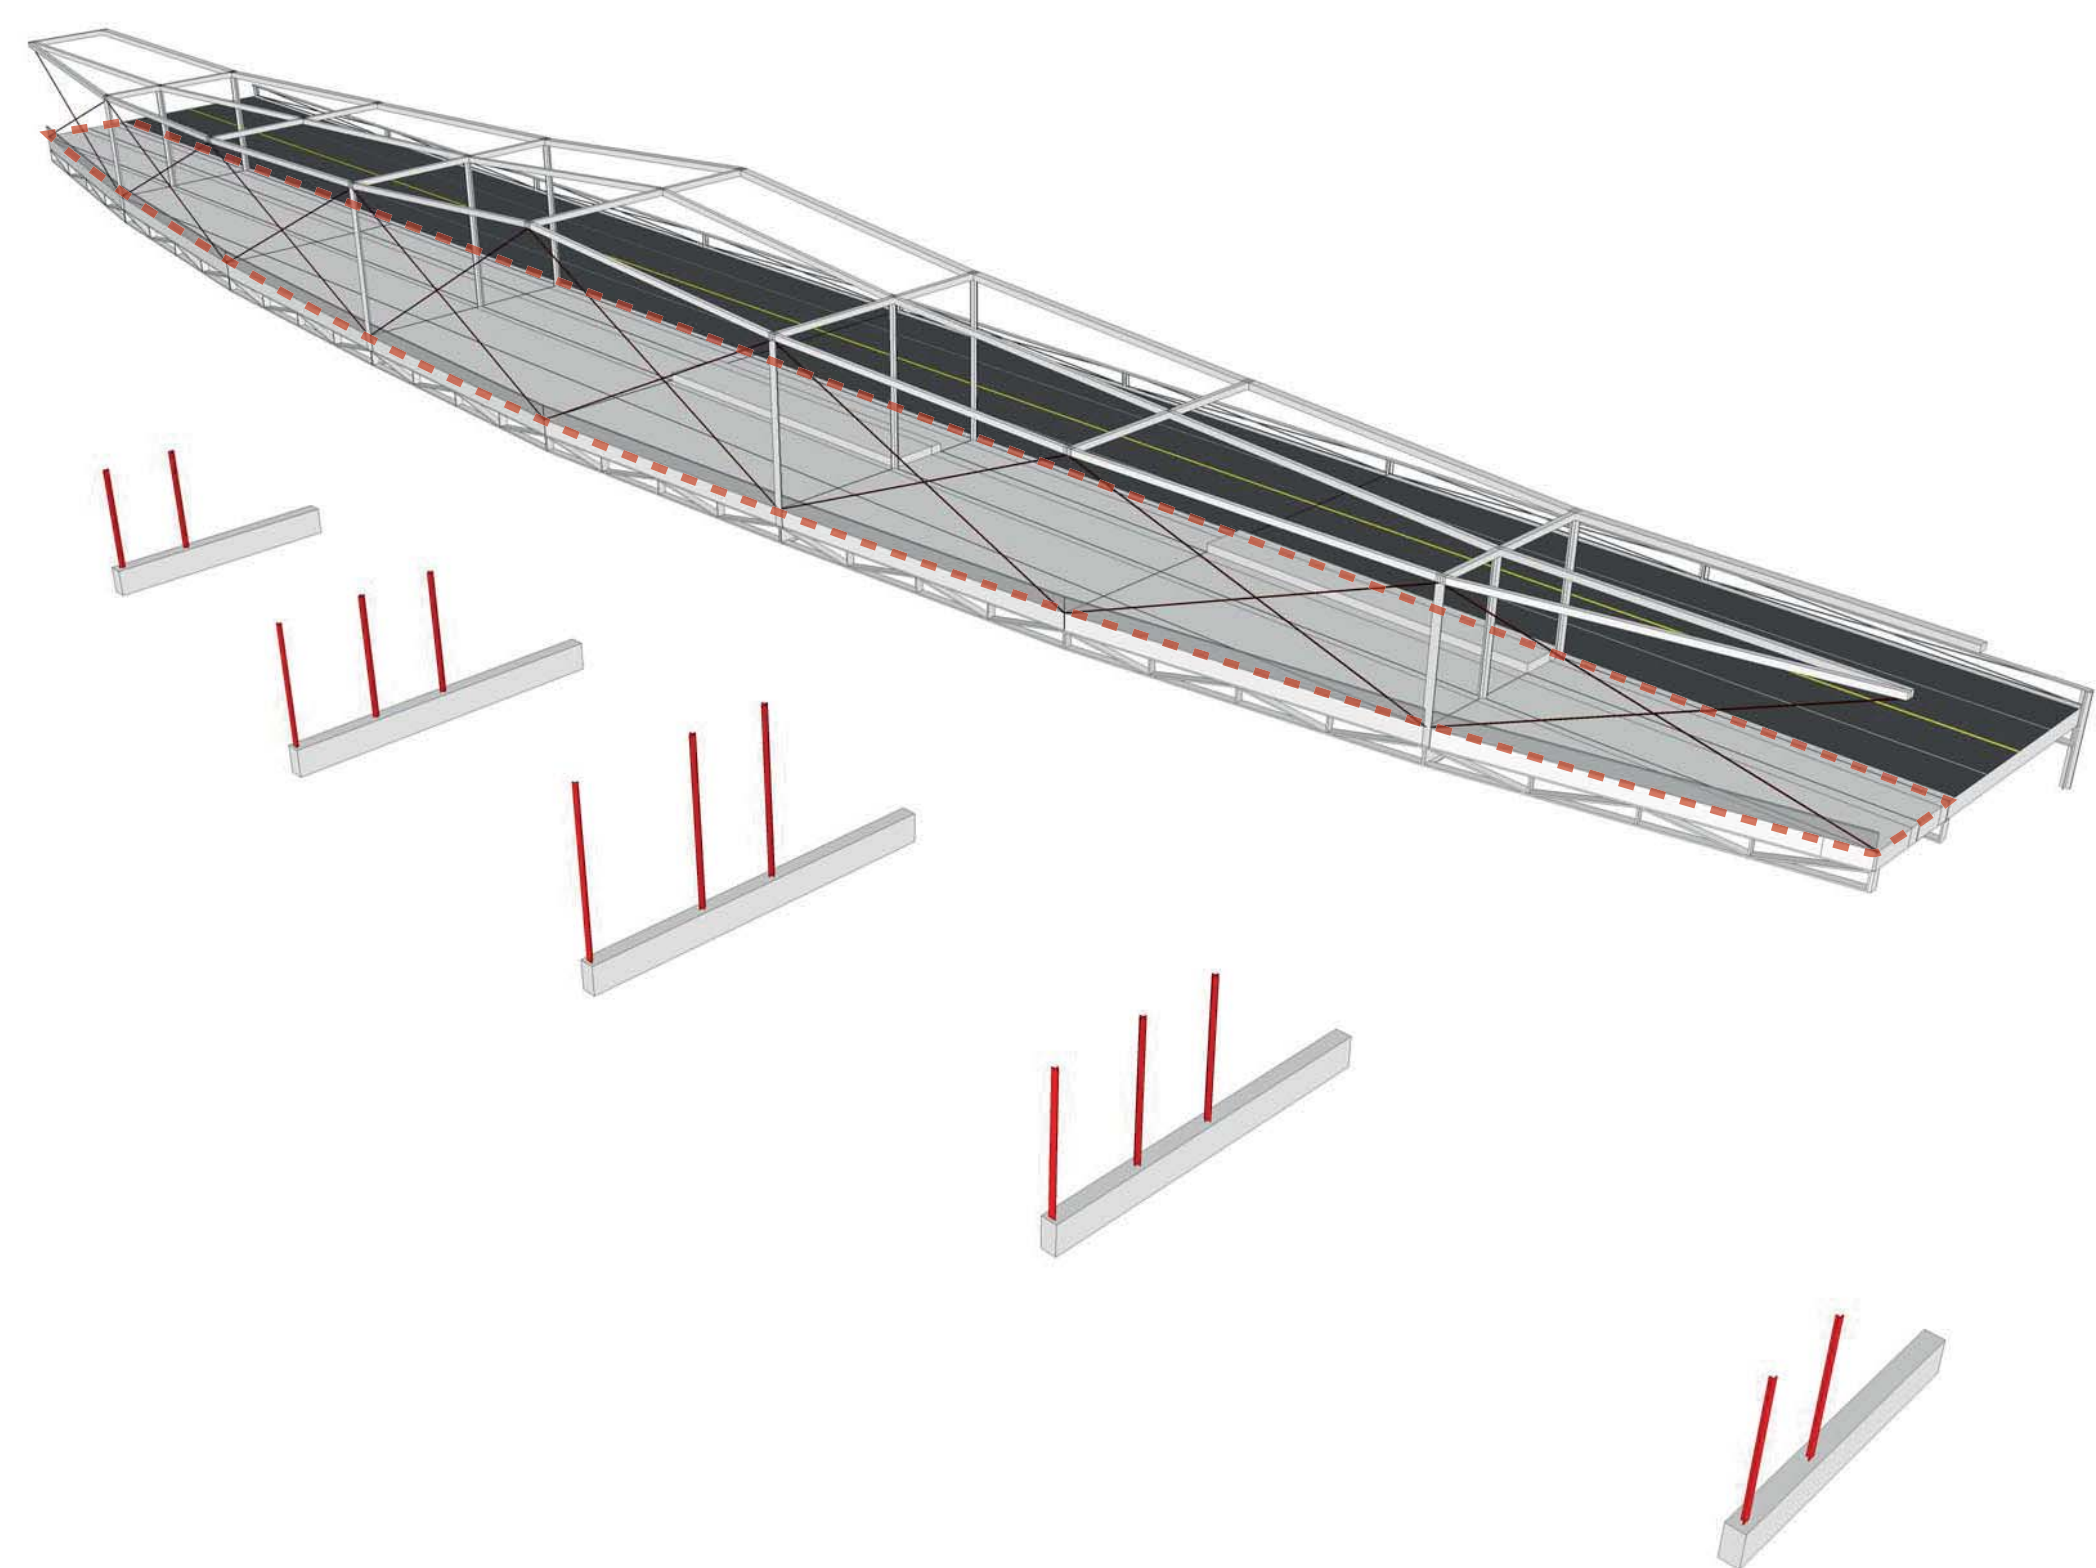

PROPOSED (WEEKDAY)

WEEKDAY USE

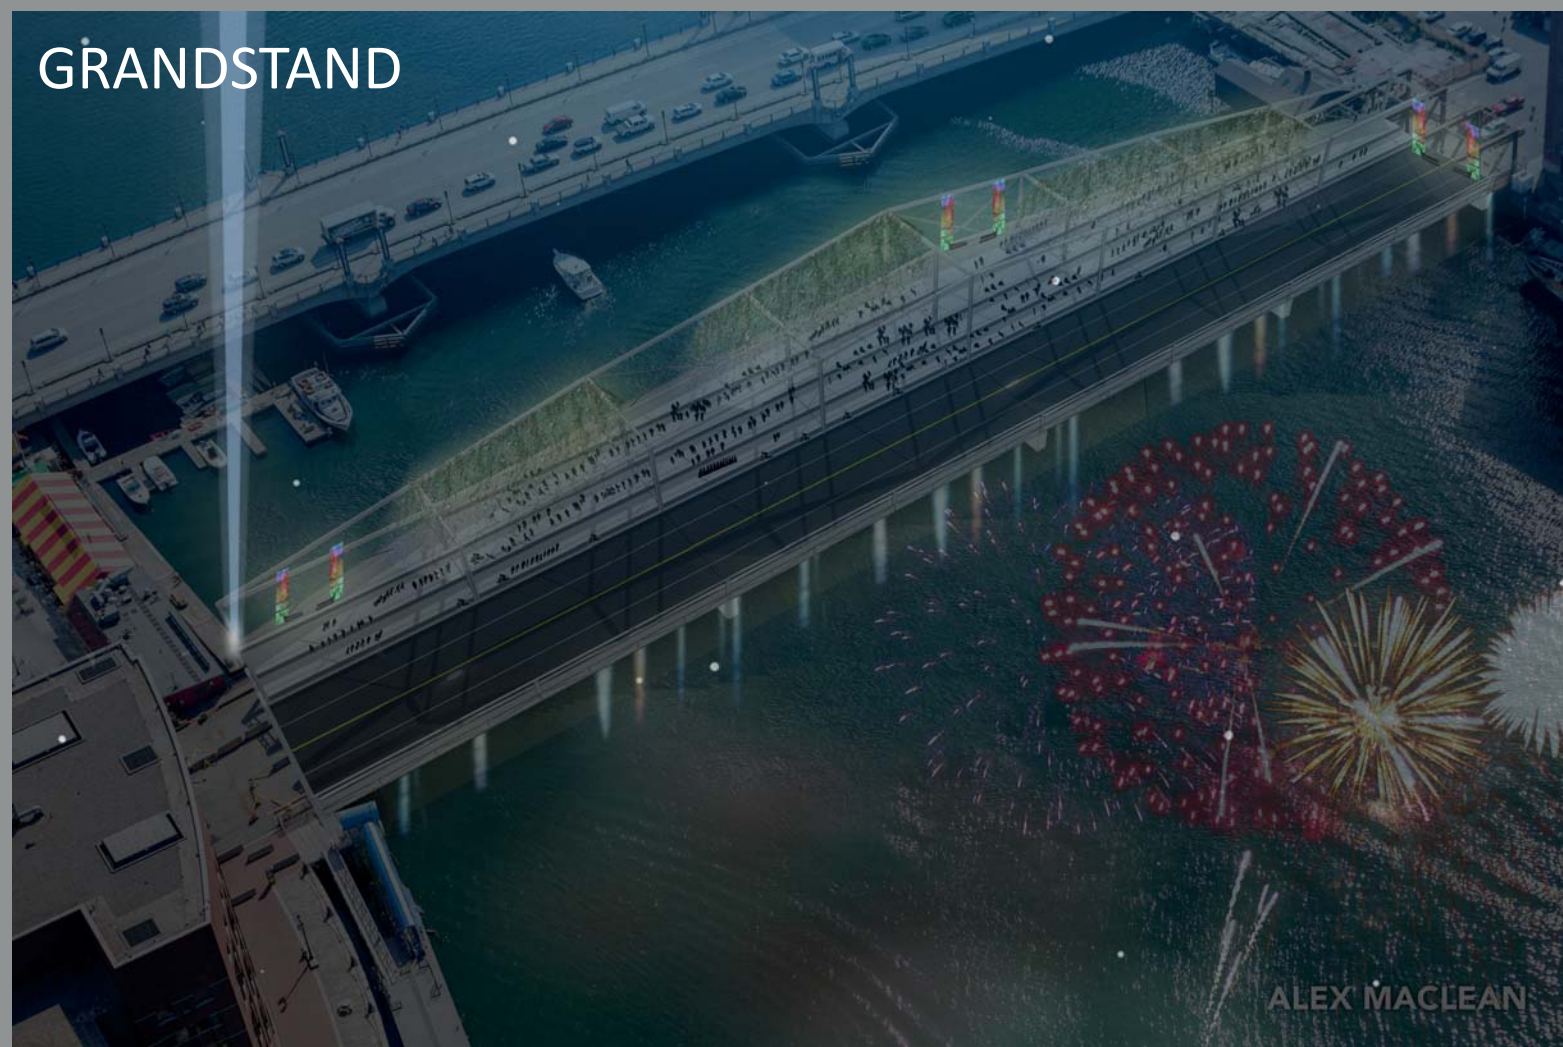

HONORING THE STYLE OF THE HISTORIC NORTHERN AVENUE BRIDGE, THE PROPOSAL REFLECTS A SIMILAR AESTHETIC AND PAYS HOMAGE TO THE “ONE OF A KIND” FUNCTIONAL ASPECT THAT MADE IT SO BELOVED. THE PLATFORMS THAT COMPOSE THE DECK ARE OPERABLE AND PROGRAMMABLE TO REFLECT THE CHANGING USE OF THE BRIDGE. DEPENDING UPON THE TIME OF THE WEEK, SEASON OR SPECIAL EVENT, THE BRIDGE CAN ACCOMMODATE DESIRED USES BY CHANGING PLATFORM ELEVATION. THIS CREATES A DYNAMIC DESTINATION AND A SERVICABLE ROUTE FOR VEHICULAR ACCESS FROM THE HEART OF BOSTON TO THE SEAPORT.

PARTITIONS CAN CHANGE ELEVATION WITH HYDRAULIC LIFT TECHNOLOGY
